1. synsets order with respect to shortest path from right_whale.n.01 is :
   [('minke_whale.n.01', 3), ('orca.n.01', 5), ('tortoise.n.01', 12), ('novel.n.01', 22)]

2. N value : 10
   Recursion execution time : 0.007981174880418607
   Dynamic execution time : 2.0132551137752586e-05
   N value : 16
   Recursion execution time : 5.932820440144939
   Dynamic execution time : 7.145081874426751e-05

3. The score/rank of my function is as follows:
   Score of a sentence = sum of the word frequencies in a sentence / total number of words

   Based on the results the function is producing satisfactory/ natural results.

N value : 7

- [('This is the text of his speech.', (43.5, 1)),

- ('Within a year, in 1575, the University of\nLeyden, my Alma Mater, was started in a former nunnery, a building that,\nthanks to the Reformation, was on the market anyhow.', (53.578947368421055, 14)),

- ("The university is at the other end of the spectrum: it is the professor's\ntask to bring the relevant insights and abilities into the public domain\nby explicit formulation.", (44.0, 21)),

- ('After WW II, the Dutch industries felt the need of a Dutch business school.', (42.6875, 44)),

- ('In the 70s, the creed was diversification, in the 80s, the\ngospel said to concentrate on your core business, and in the 90s the\nworld-wide credo seems to be the intellectual cleansing of the high-tech\nindustries.', (56.41463414634146, 51)),

- ('There seems to be one thing that, independently of the height of the fence\nthat surrounds the campus, any graduating student can take with him into\nthe world outside, and that is the healthy scepticism that goes with a\nwell-kept immunity for hype, for slogans, for fads and for fashions.', (42.517857142857146, 52)),

- ('Well, of what the overhead\nprojector did to teaching, you are, I\'m afraid, a better judge than I. \n\nI remember how, with the advent of terminals, interactive debugging was\nsupposed to solve all our programming problems, and how, with the advent of\ncolour screens, "algorithm animation" was supposed to do the same.', (42.89230769230769, 59))]
